## CONDITIONS OF SALE LIMITATION OF LIABILITY AND REMEDIES

Injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions, the failure to follow the label directions or good application practices, all of which are beyond the control of the seller. In addition, failure to follow label directions may cause injury to other crops, animals, man, or the environment.

The seller warrants that this product conforms to the chemical description on the label.

**The seller makes no other warranties or representations of any kind, expressed or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.**

The exclusive remedy against the seller for any cause of action relating to the handling or use of this product is claim for damage, and in no event shall damages or any other recovery of any kind against the seller exceed the price of the product which causes the alleged loss, damage, injury or other claim. The seller shall not be liable and any and all claims against the seller are waived, for special, indirect, incidental or consequential damages or expenses, of any nature including but not limited to, loss of profits or income, or any liability incurred by the buyer to any third party in any way arising out of or relating to the handling, repackaging from original container or the relabeling by the

buyer or user, or use of this product, whether or not based on the seller's negligence, breach of warranty, strict liability in tort or any other cause of action.

The seller offers this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfc.org/metals.htm>.

This product is not recommended for use as a fertilizer substitute.

## DIRECTIONS FOR USE

For use on turfgrasses, shrubs, and ornamentals.

### **Application Rates and Frequency:**

For best results spray 32 ounces over 5000 square feet every 3 to 4 weeks. For more difficult areas **ferti•lome® AqueDuct® L&G** may be applied twice monthly.

## HOW TO USE THE READY-SPRAY SYSTEM

### **Connect:**

1. Shake well before using.
2. Connect sprayer to hose.
3. Turn on water.

### **Spray:**

1. To begin spraying, point nozzle in the direction you want to spray.
2. Bend small plastic tab back, Turn knob (clockwise) to ON position.
3. Spray evenly over measured area. See above Application Rate and Frequency.

### **Finish:**

1. To stop spraying, Turn knob (counter clockwise) to OFF position.
2. Turn off water.
3. Relieve water pressure by bending plastic tab back and turning knob to ON position until water slows to a drip. Then turn knob back to OFF position.
4. Disconnect sprayer from hose.

### **Area to Cover:**

One quart treats up to 5,000 square feet.

## **GENERAL INFORMATION**

**ferti-lome® AqueDuct® L&G** improves the infiltration and penetration of applied irrigation water and rainfall, and can be applied to all turf.
