**STORAGE AND DISPOSAL**  
Pesticide Storage: Store in a cool, dry place; away from heat and open flame. Do not store in a plastic container. Do not store in a plastic container. Do not store in a plastic container.

**RESTRICTIONS**  
Do not apply to fish ponds, lakes or streams. Do not apply to vegetable gardens. Do not apply to ornamental plants.

**HOW TO APPLY**  
Apply the required amount of granules evenly on top of soil, being careful not to damage the upper roots. Incorporate thoroughly into the top soil layer (wear gloves if done by hand). Then water in thoroughly after incorporating the soil. For flower beds, sprinkle granules evenly over bed. For container plants, spread required amount of product around the base of plant foliage and water thoroughly. For the first 10 days DO NOT water the container to the point that water overflows or leaks out the bottom of container.

CONTAINER SIZE	AMOUNT OF PRODUCT NEEDED
1 Gallon	2.5 Tablespoons (tbsp)
2 Gallon	1/2 cup
3 Gallon	1/2 cup
4 inch	2.5 Tablespoons (tbsp)
5 inch	1.5 Tablespoons (tbsp)
6 inch	2.5 Tablespoons (tbsp)

For Shrubs: Apply 4 oz., 24 tsp., or 4 tbsp per plant.  
For Flower Beds: Apply 4 oz., 24 tsp., or 8 tbsp per foot of bed area.  
tsp = teaspoon; tbsp = tablespoon

**APPLICATION INSTRUCTIONS**  
For new plants, apply when planting. For established plants, use before pest damage occurs or immediately when seen. Repeat applications every 8 weeks during the growing season.

**HOW MUCH TO USE**  
For outdoor applications, use only on roses, flowers and shrubs. This product feeds the plant to produce strong roots and beautiful blooms, while protecting the plant against insect damage for up to 8 weeks. The product is taken up by the roots and travels throughout the entire plant. New growth is protected against insects for up to 8 weeks. This product feeds the plant so rain and water will not wash off the insect protection. This product kills Aphids, Fungus gnats, Leafminers, Lace bugs, Leafhoppers, Mealybugs, Plant bugs, Psyllids, Scale insects, Thrips (suppresses), Whiteflies, and other listed pests. Apply every 8 weeks during the growing season to roses, flowers and shrubs. 2 lbs. treats up to 16 medium sized roses or shrubs.

**ENVIRONMENTAL HAZARDS**  
This product is highly toxic to aquatic invertebrates. Swamping any product that lands on a run off to storm drains, drainage ditches, gutters or surface waters. Swamping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

**PRECAUTIONARY STATEMENTS**  
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS  
Caution: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.
