Derived From: Hydrolyzed Feather Meal, Pasteurized Poultry Litter, Dehydrated Alfalfa Meal, Porcine Meat and Bone Meal, Sulfate of Potash Magnesia, Soybean Meal, Sulfate of Potash, and Seaweed Extracts.

Use **Natural Guard® Tomato & Vegetable Food** for a nutrient healthier active soil in vegetable gardens.

DIRECTIONS FOR USE

SOIL PREPARATION:

For Single Plants mix 3 tablespoons of **Natural Guard® Tomato & Vegetable Food** into the soil when planting.

For Potted Plants mix one part **Natural Guard® Tomato & Vegetable Food** to 30 parts soil mixture (1.25 cups of this product for every 8 qt. of soil).

FEEDING:

Apply **Natural Guard® Tomato & Vegetable Food** after plants are well established (10 - 14 days) and then twice a month during the growing season (May through August).

Rows: 1 cup each side per 5 feet of row.

Single Plants: 3 tablespoons per plant.

Potted Plants: Apply 1.5 teaspoons per 4" of pot diameter (1.5 tablespoon per 12 inch pot diameter).

APPLICATION METHODS:

Row/Single Plants: Apply **Natural Guard® Tomato & Vegetable Food** in a narrow band around single plants or along each side of a row. Keep **Natural Guard® Tomato & Vegetable Food** at least 3" from stem.

Potted Plants: Apply evenly over soil and gently mix in. Water thoroughly after feeding.

STORAGE

This product is indefinitely stable in cool, dry storage conditions. Store unused fertilizer in the bag and seal tightly. Store out of reach of children and pets.
