UPC Number 7 32221 10726 7

81 bags per pallet

Keeps your Palms a dark green with a special fertilizer with extra Magnesium, Iron, Manganese and Sulfur.

Application Rate:

- Apply inside the drip line, but away from trunk. Thoroughly water the area after application.
- For Tall Growing Varieties: Apply ½ lb. per in. of trunk diameter.
- For Low Growing Varieties: Apply ½ lb. per ft. of ht.
- For Group Plantings: Apply 2 lbs. per 100 sq. ft.
- For New Plantings: Apply at half the above rates.
- Repeat application every 6-8 weeks after the first application.
- For each growing season, make up to 6 applications.
