Product Questions?
855-270-4776

What is this product and what will it do: This product is a fast-acting moss, algae and lichen killer. On wood, concrete and asphalt, a single application will control moss and algae for several months to one year. It does not stain concrete, pavement, stucco or wood.

Where can I use this product? This product can be used on:

- Lawns, hardened bark of trees, bark mulch, patios, asphalt and gravel
- Cedar shakes and composition shingles
- Cedar siding, stucco, brick or stone
- Concrete walks and driveways
- Cedar, redwood or CCA treated wood decks and fences

What will I see? Moss will quickly yellow and then turn brown. Unless moss is physically removed it may remain where it died until rain or wind remove it.

ENVIRONMENTAL HAZARDS

This product may be hazardous to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read and follow all applicable directions and precautions on this label before using.

PESTS: This product is effective in controlling mold*, mildew*, mosses, algae, lichens, and liverworts.

*not including species considered public health pests

WHERE TO USE

- This product may be used on lawns, playgrounds and ornamental gardens.
- This product may be used around and on homes and other buildings, and home greenhouses. It may be used on: pavement; gravel; patios; asphalt; automobile exteriors; and the exteriors of motor homes and boats; hardened bark of trees; bark mulch; brick, stone and concrete walkways, sidewalks and driveways; growing containers; other structural surfaces; roofs; cedar shakes and composition shingles; cedar siding; stucco; cedar, redwood and CCA-treated wood decks and fences.

APPLICATION DIRECTIONS

Playgrounds, Domestic Lawns and Ornamental Gardens:

Thoroughly soak mold*, mildew*, mosses, algae, lichens, and liverworts with solution. This 32 fl. oz. bottle will cover 500 sq. ft. Test spray a small area prior to using. Do not heavily irrigate for at least 6 hours. Reapply every two weeks as molds, mildews, mosses, algae, lichens or liverworts reappear. If it rains within one day of treatment, an additional application may be required. Moss will turn brown after a few days. Areas can be re-sown 5 days after treatment.

*not including species considered public health pests.

Other Sites: Thoroughly soak mold*, mildew*, mosses, algae, lichens, and liverworts with solution. This 32 fl. oz. bottle will cover 500 sq. ft. Repeat treatment annually, or when new mold, mildew, moss, algae, lichens or liverworts are visible.

Automobiles, Motor Homes and Boats: Use on the outside surfaces only. Spray thoroughly with soap solution using hose-end sprayer. Scrub surfaces thoroughly and rinse with water.

WHEN TO USE: This product can be used at any time during the year. Best results are obtained with actively growing moss in the spring or fall. Do not use on lawns when temperature exceeds 85° F. During warmer weather apply late in the day. Application during cold weather may delay appearance of moss, mold and mildew damage.

Ready To Spray

Shake container gently before using. This 32 oz. bottle will cover up to 500 sq. ft.

Connect: Connect sprayer to hose. Turn on water.

Spray:	To begin spraying, disengage safety lock and point nozzle in the direction you want to spray. Slide thumb activation switch forward to ON position. Apply evenly to surfaces and lawns. Spray as directed.
Finish:	To STOP spraying, slide thumb activation switch to OFF position. Turn off water. Relieve water pressure by sliding thumb switch to ON position until water slows to a drip. Then, slide switch back to OFF position and engage safety lock. Disconnect the sprayer from hose.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame. Do not store at temperatures below 32° F.

CONTAINER DISPOSAL: If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY

To the extent consistent with applicable law, Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. Buyer assumes all risk of any such use. Seller makes no other warranties, either expressed or implied.
