KEEP OUT OF REACH OF CHILDREN

Hi-Yield®

Azalea, Camellia,
Gardenia, Evergreen
Fertilizer

DIRECTIONS FOR USE

One cup is approximately ½ lb.

NEW PLANTINGS

Remove soil from planting hole. Mix fertilizer thoroughly with soil from planting hole – for Plants 1 - 2 ft. high, use ½ cup; for larger Plants, use 1 cup. Replace soil. Firm soil in hole with foot pressure. Water well.

ESTABLISHED PLANTS

Apply 1 cup for each 4 ft. of height. Spread evenly on ground out to drip line of Plant. Do not cultivate deeply because most Plants have shallow root systems that cultivation may damage. Water well.

EVERGREEN HEDGES OR BED PLANTINGS

Apply 1 lb. per 100 sq. ft. of area (10'x10') or 1 lb. per 50 ft. row. Water well. Make first application in very early Spring. Repeat monthly during Growing Season. This product is not intended for nor recommended for Container Grown Plants.
