

40254

Crawling Insect Control Containing DE

A natural contact insecticide that works by causing abrasions on insects as they come in contact with product, resulting in loss of body fluids, then dehydration.

Digestible by Earthworms, thus causing them no harm.

Very effective in controlling Snails and Slugs in bedding plant areas and around houses.

UPC Number 7-32221-40254-6

4 lbs 35 cases per pallet

Controls Cockroaches, Ants, Earwigs, Snails, Slugs and other listed crawling insects.

Application Rates:

Use hand duster or bulbous duster to apply light coating of dust to areas where crawling pests are found or may hide.

Always Read and Follow Label Directions.
