Lawn Food Plus Iron

28-4-4

With Phosphates!

Your Lawn Can Be

GREENER!

Contains Iron For Green Power!

Polymer-Coated, Sulfur-Coated Urea Provides Gradual, Consistent Nutrient Release When You Need it.

NET WEIGHT 20 LBS. (9.08 KG)

Lawn Food Plus Iron

Covers Up To 5,000 Sq. Ft.

Lawn Food Plus Iron

DIRECTIONS FOR USE

You will find the following directions for feeding your lawn and preventing and correcting yellow grass foliage (a sign of lack of iron) easy to follow.

1. WHAT IS THIS PACKAGE FOR?

ferti•lome® LAWN FOOD PLUS IRON provides the high Nitrogen and Iron required for deep green, thick lawns.

2. HOW DO YOU USE IT?

Apply with fertilizer spreader settings from chart below. Water immediately after application.

Apply 4.0 lbs. per 1,000 sq. ft.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply the product only to your lawn/garden and sweep any product that lands in the driveway, sidewalk, or street, back onto your lawn/garden.

APPLICATION EQUIPMENT AND INSTRUCTIONS

This product can be applied with a drop or broadcast (rotary) spreader. For best results, apply this product evenly and uniformly over the turfgrass (lawn) area avoiding streaking, skips or overlaps.

Before each application, determine the correct amount (lbs.) of product to place in the spreader hopper for the area to be treated. For example, if the label states to apply 4 lbs. per 1000 sq. ft. and your area is 2000 sq. ft, then place 8 lbs. of product in the hopper and set the spreader setting at 4 1/4 (per table below) if using an Accugreen drop spreader.

A more uniform application can be made by spreading one-half of the recommended amount of this product over the turfgrass area and then applying the remaining one-half of this product at a right angle to the previous application direction.

NOTE: The spreader settings listed below are approximate. The speed at which you walk and the working condition of the spreader will affect the rate of application.

SPREADER	SPREADER SETTINGS
	Lbs. of Product/1000 Sq. Ft.
	4 LBS.
Scotts®/Republic Accugreen (Drop)	4 1/4
Scotts®/Republic Speedy Green (Broadcast)	3 3/4
ferti•lome®/EarthWay Ev-N-Spred (Broadcast)	14

NOTE: This product is not intended for use on container grown plants!

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Green, thick lawn areas are easily obtained and maintained with use of ferti•lome® LAWN FOOD PLUS IRON.

CAUTION: Iron stains sidewalks, driveways and ornamental cement lawn fixtures. Use caution around these items. If this product comes in contact with sidewalks, driveways or cement lawn fixtures, sweep products off with broom.

DO NOT TRY TO WASH PRODUCT FROM SIDEWALKS OR DRIVEWAYS.
