

40340 Plant Food 6-2-4

Plus 19 Beneficial Microbes

All purpose, long-lasting natural plant food. Microbes assist plants in feeding to produce healthier plants, flowers and vegetables.

UPC Number 7-32221-40340-6
3 lbs. 35 cases per pallet

Application Rates

- **New Plantings:** Dig hole twice as wide and same depth as root ball. Loosen roots and spread them into prepared hole. Remove $\frac{1}{3}$ of soil and replace with compost or soil mix. Mix 1-2 cups of Natural Guard Plant Food into soil mix. Do not mound the stems. Water thoroughly and add mulch to conserve water and control weeds.
- **Established Plants:** Feed trees and shrubs twice a year - spring & fall. Use 1 cup for each foot of branch spread (diameter of plant). Feed flowers and vegetables once per month through growing season. Sprinkle 1 cup around drip-line of plant.
- **Garden Beds:** Mix into the top 4 inches of soil at the rate of 3 lbs. per 75 sq. ft.
- **Potted Plants:** Mix 1 part to 25 parts of soil. Feed established plants 1 tsp. for each 3" of pot diameter. Repeat monthly.

Always Read and Follow Label Directions.
