Weed Free Zone RTS & RTU

Ready-to-Spray and Ready-to-Use formulation of ferti•lome® Weed-Free Zone concentrate. Contains four active ingredients including Carfentrazone to provide broad spectrum weed control. An excellent postemergence broadleaf weed control product that is rainfast in three hours. Provides proven cool weather performance to control over 80 of the toughest to control broadleaf weeds.

Application:

- Ready-to-use & Ready-to-Spray formulation; shake well before using.
- Direct the spray to the target weed to provide uniform coverage of the upper leaf surfaces. Apply to point of runoff only.

Always Read and Follow Label Directions
