Hi-Yield® Super Marking Dye

Hi-Yield® Super Marking Dye is a concentrated blue colorant designed to be used with herbicides, fungicides, pesticides and fertilizers to provide temporary highly visible evidence of spray application patterns. **Hi-Yield® Super Marking Dye** readily dissipates, is non-toxic and totally compatible with water soluble solutions. It is ideal for golf courses, parks, cemeteries, athletic fields, and any turf or grass areas — virtually anywhere where spray evidence is needed. **Hi-Yield® Super Marking Dye** will not permanently stain vegetation or soil and can be used with all types of equipment.

PRECAUTIONARY STATEMENTS

Based on currently available data, this product is not classified as a hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling.

May be harmful if swallowed. Wear rubber gloves and eye protection. Avoid contact with skin. If product comes into contact with skin, wash thoroughly. In case of eye contact, wash thoroughly with clear water. If irritation persists, contact a physician immediately.

Hi-Yield® Super Marking Dye can be removed from skin with several washings of soap and water. Avoid letting **Hi-Yield® Super Marking Dye** concentrate come into contact with fabrics.

DIRECTIONS FOR USE

Hi-Yield® Super Marking Dye should be added to the spray tank when it is approximately half full. Use 1 fl. oz. of **Hi-Yield® Super Marking Dye** per gallon of spray. More or less may be used, depending on turf or weed color, height and local water conditions. Store above 32°F.
