

ferti·lome®

10930

Weed Free Zone Plus Lawn Fertilizer

Provides superior weed control in cooler temperatures. For best results, apply when broadleaf weeds are young and actively growing, in Spring or early Fall. Preferably in the morning when dew is on the grass.

UPC Number 7 32221 10930 8

19 lbs 64 cases per pallet

Controls Dandelions, Clover, Ground Ivy and over 200 listed broadleaf weeds.

Application Rate:

- Apply 2.5 to 3.0 pounds of product per 1,000 sq. ft. of turfgrass.
- A second application may be made in approximately 30 days.

Always Read and Follow Label Directions
