## DIRECTIONS FOR USE

### WHAT IS THIS PACKAGE FOR?

Use to feed Cactus, Jade, Aloe and all Succulents. May be used every time you water or once or twice per month.

### HOW DO YOU USE IT?

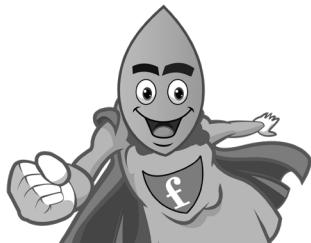

SHAKE WELL BEFORE USE.

Do not store diluted product.

This product is a concentrate and must be diluted with water.

If applying once or twice per month, use  $\frac{1}{4}$  tsp per quart of water.

If applying every time you water, use  $\frac{1}{8}$  tsp per quart of water.

## HOUSEPLANT HERO HINTS

- Avoid overwatering and using water that has passed through a water softening unit.
- Water when soil is dry, use of a water meter is helpful.
- Repot once per year into a larger pot of appropriate size and use a premium potting mix.

Always follow the recommended light, temperature, and humidity guidelines for your plants.
