4/1 gal. RTU

## Grass & Weed Killer Concentrate

**16103, 16106, 16107 \*CA**

**Formulation:** Ammoniated Soap of Fatty Acids 22%

**RTU Formulation:** Ammoniated Soap of Fatty Acids 3.68%

Removes unwanted vegetation fast.

**Use On:** Mulch and around Planters, Raise Beds, Driveways, Patios, Foundations and Fences. It can be used in planting beds prior to planting grass or flowers.

**Weeds Controlled:** Annual Bluegrass, Chickweed, Colonial Bentgrass, Corn Spurry, Creeping Red Fescue, Dandelion, Groundsel, Hard Fescue, Lamb's-Quarters, Large Crabgrass, Mouse-Eared Chickweed, Mustards, Perennial Ryegrass, Plantain, Redroot Pigweed, Round Leaved Mallow, Sheep Sorrel, Shepherd's Purse, Stinkweed, Thistle, Moss, Algae and Lichens.

**Dilution Rate:** Easy-to-Kill Weeds: Mix 14 oz. per gal. of water. Hard-to-Kill Weeds: Mix 26 oz. per gal. Thorough coverage is extremely important.

**RTU Application:** Ready-to-Use. Shake well and apply any time of year when weather is dry and warm. Rainfast in 3 hours. Repeat application in 2 to 3 weeks if needed. See results in as little as 20 minutes.
