UPC Number 7 32221 33254 6  
12/32 oz • 60 cases per pallet

## 2,4-D Amine A Selective Weed Killer

labeled for selected farm crops, ornamental turf, brush control, forest management and aquatic applications. For best results use during warm weather, when weeds are young and tender.

Used to control hard to kill weeds such as: Bindweed, Thistle, Smartweed, Wild garlic, Curly Dock, Tansy Ragwort, Wild Onions and more.

Works best with our Hi-Yield Spreader Sticker

\*Never use dish soaps!

### Application Rates:
