

VOLUNTARY PURCHASING GROUPS, INC.

Safety Data Sheet

Hi-Yield Bug Blaster Lamba-Cyhalothrin 0.5% Ready to Spray

SECTION 1: Identification

Product identifier

Product name	Hi-Yield Bug Blaster Lamba-Cyhalothrin 0.5% Ready to Spray
Product number	34696
Brand	Hi-Yield

Other means of identification

EPA Reg. No. 53883-197-7401

Recommended use of the chemical and restrictions on use

Residential use insecticide

Supplier's details

Name	Voluntary Purchasing Groups, Inc.
Address	230 FM 87 Bonham TX 75418 USA

Telephone	855-270-4776
-----------	--------------

Emergency phone number(s)

In the event of a medical or chemical emergency contact ChemTel, Inc.
North American 1-800-255-3924 or worldwide Intl. + 01-813-248-0585

SECTION 2: Hazard identification

Classification of the substance or mixture

GHS classification in accordance with: OSHA (29 CFR 1910.1200)

- Acute toxicity, oral, Cat. 4
- Acute toxicity, inhalation, Cat. 4

GHS label elements, including precautionary statements

Pictogram

Safety Data Sheet

Hi-Yield Bug Blaster Lambda-Cyhalothrin 0.5% Ready to Spray

Signal word

Warning

Hazard statement(s)

H302
H332

Harmful if swallowed
Harmful if inhaled

Precautionary statement(s)

P264
P270
P301+P312
P330
P501

P261
P271
P304+P340

Wash hands thoroughly after handling.
Do not eat, drink or smoke when using this product.
IF SWALLOWED: Call a POISON CENTER /doctor if you feel unwell.
Rinse mouth.
Dispose of contents/container to in accordance with Federal, State and local regulations.
Avoid breathing dust/fume/gas/mist/vapors/spray.
Use only outdoors or in a well-ventilated area.
IF INHALED: Remove person to fresh air and keep comfortable for breathing.
Call a POISON CENTER/doctor if you feel unwell.

SECTION 3: Composition/information on ingredients

Mixtures

Hazardous components

Component	Concentration
lambda-cyhalothrin (ISO) (CAS no.: 91465-08-6; EC no.: 415-130-7; Index no.: 607-252-00-6)	0.5 % (weight)
CLASSIFICATIONS: Acute toxicity, Cat. 2; Acute toxicity, Cat. 3; Acute toxicity, Cat. 4; Hazardous to the aquatic environment, short-term (acute), Cat. 1; Hazardous to the aquatic environment, long-term (chronic), Cat. 1. HAZARDS: H301 - Toxic if swallowed; H312 - Harmful in contact with skin; H330 - Fatal if inhaled; H400 - Very toxic to aquatic life; H410 - Very toxic to aquatic life with long lasting effects.	

SECTION 4: First-aid measures

Description of necessary first-aid measures

General advice

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

In case of eye contact

- Hold eye open and rinse slowly and gently with water 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continuing rinsing eye.
- Call a poison control center or doctor for treatment advice.

If swallowed

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

SECTION 5: Fire-fighting measures

Safety Data Sheet

Hi-Yield Bug Blaster Lamba-Cyhalothrin 0.5% Ready to Spray

Specific hazards arising from the chemical

Pesticide fires have potential to produce irritating or toxic gases.

Special protective actions for fire-fighters

Wear full protective clothing and self-contained breathing apparatus. Evacuate nonessential personnel from the area to prevent human exposure to fire, smoke, fumes or products of combustion. Prevent use of contaminated buildings, area and equipment until decontaminated. Water runoff can cause environmental damage.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Clean up spills immediately. Isolate hazard area. Keep unnecessary and unprotected personnel from entering.

Methods and materials for containment and cleaning up

In case of spillage or leakages, soak up with an absorbent material such as sand, sawdust, earth, Fuller's earth, etc. Dispose of with chemical waste.

SECTION 7: Handling and storage

Precautions for safe handling

Do not contaminate water, food, or feed by storage or disposal or cleaning of equipment. Carefully open containers and after partial use close container tightly. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Conditions for safe storage, including any incompatibilities

Store in cool, dry area away from children and domestic animals.

SECTION 8: Exposure controls/personal protection

Appropriate engineering controls

Whenever possible, adequate ventilation should be used to minimize the need for personal protective equipment.

Individual protection measures, such as personal protective equipment (PPE)

Eye/face protection

Wear goggles or face shield

Skin protection

Long-sleeve shirt, long pants, shoes plus socks

Body protection

Chemical-resistant gloves

Respiratory protection

For most conditions, no respiratory protection required. However, if handling without sufficient ventilation, use NIOSH approved air-purifying respirator with any N, P or R95 class filter and an organic vapor cartridge.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Appearance/form (physical state, color, etc.)

Translucent white liquid

Safety Data Sheet

Hi-Yield Bug Blaster Lambda-Cyhalothrin 0.5% Ready to Spray

Odor	Mild chemical
Odor threshold	
pH	5.5-6.0
Melting point/freezing point	
Initial boiling point and boiling range	
Flash point	
Evaporation rate	
Flammability (solid, gas)	
Upper/lower flammability limits	
Vapor pressure	
Vapor density	
Relative density	0.99-1.01g/ml
Solubility(ies)	
Partition coefficient: n-octanol/water	
Auto-ignition temperature	
Decomposition temperature	
Viscosity	0.89 cps@ 25C
Explosive properties	
Oxidizing properties	

SECTION 10: Stability and reactivity

Chemical stability

Stable under normal conditions.

Conditions to avoid

Avoid excessive heat

Hazardous decomposition products

Product can decompose at high temperatures forming toxic gases

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity

Acute Oral LD50 (Rat): > 1,750 mg/kg

Acute Dermal LD50 (Rabbit): > 5,000 mg/kg

Acute Inhalation LC50 (Rat): > 2.0 mg/L/4 hr

Eye Irritation: Slightly irritating

Skin Irritation: Slightly irritating

Dermal Sensitization: Not a skin sensitizer

Carcinogenicity

Lambda-cyhalothrin technical: No treatment-related tumors in rats or mice.

Reproductive toxicity

Lambda-cyhalothrin technical: Not a developmental or reproductive toxicant.

STOT-single exposure

In humans, contact with exposed skin may result in temporary itching, tingling, burning or numbness, called paresthesia. The effect may result from splash, aerosol, or hot vapor contact, or transfer to the face from contaminated gloves and hands. The symptoms normally disappear within 24 hours. Face and genital areas are especially susceptible to this effect. Paresthesia involving the face is also known as "subjective facial sensation" or SFS.

Safety Data Sheet

Hi-Yield Bug Blaster Lambda-Cyhalothrin 0.5% Ready to Spray

STOT-repeated exposure

Lambda-cyhalothrin technical: Liver, nervous system

SECTION 12: Ecological information

Toxicity

This pesticide is extremely toxic to fish. Do not contaminate water when disposing of equipment washwaters. Do not apply directly to water. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

Persistence and degradability

Lambda-cyhalothrin technical: Not persistent in soil or water, Immobile in soil. Sinks in water after 24 hours

SECTION 13: Disposal considerations

Disposal of the product

Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

Disposal of contaminated packaging

Dispose of product containers, waste containers, and residues according to label instructions and local, state, and federal health and environmental regulations

SECTION 14: Transport information

DOT (US)

Not dangerous goods

IMDG

Not dangerous goods

IATA

Not dangerous goods

SECTION 15: Regulatory information

Safety, health and environmental regulations specific for the product in question

Labeling requirements under FIFRA

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information for safety data sheet, and for workplace labels of nonpesticide chemicals. Following is the hazard information as required on the pesticide label.

SARA 311/312 Hazards

Acute health hazard (immediate)

Chronic health hazard (delayed)

Safety Data Sheet

Hi-Yield Bug Blaster Lamba-Cyhalothrin 0.5% Ready to Spray

SARA 313 Components

Not applicable

California Prop. 65 Components

Not applicable

Toxic Substances Control Act (TSCA) Inventory

The ingredients of this product are listed on the TSCA inventory or are exempt
