

## VOLUNTARY PURCHASING GROUPS, INC.

### Safety Data Sheet Hi-Yield® All Purpose Fertilizer 6-7-7

---

#### SECTION 1: Identification

##### Product identifier

Product name Hi-Yield® All Purpose Fertilizer 6-7-7

##### Supplier's details

Name Voluntary Purchasing Groups, Inc.  
Address 230 FM 87  
Bonham, TX 75418  
USA

Telephone 855-270-4776

##### Emergency phone number(s)

In the event of a medical or chemical emergency contact ChemTel, Inc.  
North American 1-800-255-3924 or worldwide Intl. + 01-813-248-0585

---

#### SECTION 2: Hazard identification

Classification of the substance or mixture

GHS label elements, including precautionary statements

Other hazards which do not result in classification

---

#### SECTION 3: Composition/information on ingredients

##### Substances

##### Hazardous components

| Component                                   |
|---|
| Monoammonium phosphate (CAS no.: 7722-76-1) |
| Ammonium Sulfate (CAS no.: 7783-20-2)       |
| VPG Potash (Index no.: 800170)              |

---

#### SECTION 4: First-aid measures

# Safety Data Sheet

## Hi-Yield® All Purpose Fertilizer 6-7-7

### Description of necessary first-aid measures

|  |  |
|--|--|
| General advice   | Call a poison control center or doctor for treatment advice. Have the Safety Data Sheet, and if available, the product container or label with you when calling a poison control center or doctor, or going for treatment. Never give fluids or induce vomiting if a patient is unconscious or convulsing regardless of cause of injury. If breathing difficulties occur, seek medical attention immediately.  |
| If inhaled   | Move person to fresh air. If person is not breathing, give artificial respiration, preferably mouth-to-mouth.<br>If breathing is difficult, give oxygen. Call a poison control center or doctor for treatment advice.  |
| In case of skin contact                                | Wash skin with soap and plenty of water for 15 to 20 minutes.<br>Call a poison control center or doctor for treatment advice.  |
| In case of eye contact                                 | Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.<br>Call a poison control center or doctor for treatment advice.  |
| If swallowed   | Do not induce vomiting.<br>Never give anything by mouth to an unconscious person.<br>Call a poison control center or doctor for treatment advice.  |
| Personal protective equipment for first-aid responders | Respiratory Protection: NIOSH/MSHA approved for protection against toxic dusts containing quartz.<br>Ventilation: General or local exhaust to maintain employee exposure below the TLV/PEL.<br>Protective Gloves: PVC or Neoprene.<br>Eye Protection: Safety glasses or goggles (ANSI Z87.1 1979)<br>Other Protective Clothing or Equipment: Apron, boots, long sleeved shirt and full-length pants may be worn when necessary to prevent skin contact.<br>Eye wash and shower facilities should be available. |

---

## SECTION 5: Fire-fighting measures

### Suitable extinguishing media

Water, foam, dry chemical or carbon dioxide.

### Specific hazards arising from the chemical

Thermal decomposition will evolve ammonia & sulfur trioxide. May form an explosive mixture when dispersed in air. An explosion hazard will exist if mixed with oxidizers such as potassium chlorate, potassium nitrite, or potassium nitrate.

### Special protective actions for fire-fighters

Wear pressure-demand, self-contained breathing apparatus, MSHA/NIOSH approved or equivalent, and full protective gear. Avoid inhalations of fumes and dusts.

# Safety Data Sheet

## Hi-Yield® All Purpose Fertilizer 6-7-7

---

### SECTION 6: Accidental release measures

#### Personal precautions, protective equipment and emergency procedures

Respiratory Protection: NIOSH/MSHA approved for protection against toxic dusts containing quartz.

Ventilation: General or local exhaust to maintain employee exposure below the TLV/PEL.

Protective Gloves: PVC or Neoprene.

Eye Protection: Safety glasses or goggles (ANSI Z87.1 1979)

Other Protective Clothing or Equipment: Apron, boots, long sleeved shirt and full-length pants may be worn when necessary to prevent skin contact.

#### Environmental precautions

Avoid the generation of dusts. Prevent release to sewers or waterways in accordance with all applicable federal, state, and local environmental regulations.

Sweep up, vacuum the material and transfer to the original container, or to a sealed, labeled container.

Residue may be washed away with water.

Dispose of in accordance with Federal, State, and local regulations.

---

### SECTION 7: Handling and storage

#### Precautions for safe handling

Store in a cool, dry place, ventilated and out of direct sunlight.

#### Conditions for safe storage, including any incompatibilities

Corrosive to cast iron and aluminum. Separate from strong oxidizers.

---

### SECTION 8: Exposure controls/personal protection

#### Appropriate engineering controls

Ventilation: General or local exhaust to maintain employee exposure below the TLV/PEL.

#### Individual protection measures, such as personal protective equipment (PPE)

##### Eye/face protection

Safety glasses or goggles (ANSI Z87.1 1979)

##### Skin protection

PVC or Neoprene gloves

##### Body protection

Apron, boots, long sleeved shirt and full-length pants may be worn when necessary to prevent skin contact.

Eye wash and shower facilities should be available.

##### Respiratory protection

NIOSH/MSHA approved for protection against toxic dusts.

##### Environmental exposure controls

NTP - NO

IARC - NO

OSHA - NO

OTHER EXPOSURE LIMITS

ACGIH TLV (nuisance dusts)=10 mg/m<sup>3</sup>; OSHA PEL (nuisance dusts)= 15mg/m<sup>3</sup>

### SECTION 9: Physical and chemical properties

#### Information on basic physical and chemical properties

|   |  |
|---|--|
| Appearance/form                         | Multicolored granules                    |
| Odor                                    | Slight chlorine                          |
| Odor threshold                          |  |
| pH                                      |  |
| Melting point/freezing point            |  |
| Initial boiling point and boiling range | Does not apply                           |
| Flash point                             | Does not apply                           |
| Evaporation rate                        | Does not apply                           |
| Flammability (solid, gas)               |  |
| Upper/lower flammability limits         |  |
| Upper/lower explosive limits            |  |
| Vapor pressure                          | Does not apply                           |
| Vapor density                           | Does not apply                           |
| Relative density                        |  |
| Solubility(ies)                         | Appreciable                              |
| Partition coefficient: n-octanol/water  | Will not evolve flammable or toxic gases |
| Auto-ignition temperature               |  |
| Decomposition temperature               |  |
| Viscosity                               |  |
| Explosive properties                    |  |
| Oxidizing properties                    |  |

#### Other safety information

Specific Gravity - 0.5

---

### SECTION 10: Stability and reactivity

#### Chemical stability

Stable

#### Possibility of hazardous reactions

Polymerization may occur.

#### Conditions to avoid

Avoid heating or direct exposure to sunlight. Decomposes upon heating.

#### Incompatible materials

Strong oxidizers and alkalis, potassium chlorate, potassium nitrate, and potassium nitrite.

#### Hazardous decomposition products

Ammonia, sulfur trioxide, phosphorous oxides, cyanuric acid, cyanic acid, and carbon dioxide.

---

### SECTION 11: Toxicological information

#### Information on toxicological effects

##### Acute toxicity

Medical Conditions Generally Aggravated by Exposure: Disorders of respiratory system, dermatitis or other skin disorders.

# Safety Data Sheet

## Hi-Yield® All Purpose Fertilizer 6-7-7

### **Skin corrosion/irritation**

Skin contact may result in local irritation.

### **Serious eye damage/irritation**

Eye contact may result in local irritation.

### **Respiratory or skin sensitization**

Ingestion of large quantities may cause symptoms of non-specific irritation of the gastrointestinal tract; nausea, vomiting, cramps, and diarrhea. Inhalation of high concentrations may result in upper respiratory tract irritation. Inhalation of dust may permanently damage the lungs and result in the development of pneumoconiosis, silicosis, or other respiratory disorders.

### **Carcinogenicity**

None

### **STOT-repeated exposure**

#### **(1) ACUTE OVEREXPOSURE**

Ingestion of large quantities may cause symptoms of non-specific irritation of the gastrointestinal tract; nausea, vomiting, cramps, and diarrhea. Eye and skin contact may result in local irritation. Inhalation of high concentrations may result in upper respiratory tract irritation.

#### **(2) CHRONIC OVEREXPOSURE**

Inhalation of dust may permanently damage the lungs and result in the development of pneumoconiosis, silicosis, or other respiratory disorders.

---

## **SECTION 12: Ecological information**

### **Toxicity**

Components of this product are toxic to aquatic life. Dispose of in accordance with Federal, State, and local regulations.

---

## **SECTION 13: Disposal considerations**

### **Disposal of the product**

If wastes and/or containers cannot be disposed of according to the product label directions, disposal of this material must be in accordance with your local or area regulatory authorities. This information presented below only applies to the material as supplied. The identification based on characteristic(s) or listing may not apply if the material has been used or otherwise contaminated. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations. If the material as supplied becomes a waste, follow all applicable regional, national and local laws.

---

## **SECTION 14: Transport information**

### **DOT (US)**

Not regulated

### **IMDG**

Not regulated

### **IATA**

Not regulated

### SECTION 16: Other information

Voluntary Purchasing Groups, Inc. urges each customer or recipient of this (M)SDS to study it carefully and consult appropriate expertise, as necessary or appropriate, to become aware of and understand the data contained in this (M)SDS and any hazards associated with the product. The information herein is provided in good faith and believed to be accurate as of the effective date shown above. However, no warranty, express or implied, is given. Regulatory requirements are subject to change and may differ between various locations. It is the buyer's/user's responsibility to ensure that his activities comply with all federal, state, provincial or local laws. The information presented here pertains only to the product as shipped. Since conditions for use of the product are not under the control of the manufacturer, it is the buyer's/user's duty to determine the conditions necessary for the safe use of this product. Due to the proliferation of sources for information such as manufacturer-specific (M)SDSs, we are not and cannot be responsible for (M)SDSs obtained from any source other than ourselves. If you have obtained an (M)SDS from another source or if you are not sure that the (M)SDS you have is current, please contact us for the most current version.
