

32260 Iron Plus Soil Acidifier

Hi-Yield®

IRON **PLUS** SOIL ACIDIFIER

YELLOW TO GREEN FAST!

IRON PLUS Soil Acidifier

IRON PLUS Soil Acidifier

- Alkaline And Calcareous Soils Only.
- For Lawns, Flowers, Trees, Shrubs And Citrus
- Corrects Yellowing Of Plants And Grass – Turns Yellow To Green
- Fast-green Formulation
- Will Not Burn If Used As Directed

IMPORTANT FACT

THE EFFECTIVENESS OF ANY PLANT FOOD IS LINKED TO THE pH OF THE SOIL.
Lowering pH in Alkaline & Caliche Soils Results in More Beautiful Lawns, Trees, Shrubs & Flowers.

NET WEIGHT 25 LBS. (11.3 KG)

IRON PLUS Soil Acidifier

IRON PLUS SOIL ACIDIFIER

YELLOW TO GREEN FAST!

IDEAL FOR LAWNS, ROSES, FLOWER BEDS, TREES, CITRUS AND SHRUBS WILL NOT BURN IF USED AS DIRECTED

Excessive alkalinity, as evidenced by lack of normal plant coloration (often referred to as Iron Chlorosis or “yellowing”), stunted growth, poor flowering and fruiting, and a generally poor response to fertilization treatment can be corrected by proper use of **HI-YIELD® IRON PLUS**. If desired, a laboratory capable of analyzing soil samples for pH can be used at a reasonable cost to determine the alkalinity level in the soil.

DIRECTIONS FOR USE

FOLLOW ALL TREATMENTS WITH SUFFICIENT WATERING TO MOVE THE PRODUCT THROUGH THE SOIL DOWN TO THE ROOTS OF THE PLANTS.

LAWNS, SHRUBS, ROSES, AZALEAS, RHODODENDRONS AND CAMELLIAS

For ornamental beds, make application using a hand held spreader such as the ferti•lome® Yard Right Hand Held Spreader. Place the amount (lbs.) in the spreader per the alkalinity levels listed below and apply per 100 sq. ft. Adjust setting selector to 2. Apply product.

In Mildly Alkaline Soil: (pH 7.4 to 7.8) – Apply ½ - 1 lbs. per 100 square feet.

In Moderately Alkaline Soil: (pH 7.9 TO 8.4) – Apply 1 - 1 ½ lbs. per 100 square feet.

In Strongly Alkaline Soil: (pH 8.5 and up) – Apply 1 ½ - 2 ½ lbs. per 100 square feet.

For lawns, apply with a drop or broadcast (rotary) fertilizer spreader. Apply the product at a rate of 10 lbs. per 1,000 sq. ft. This bag will cover 2,500 sq ft. of lawn area.

Followed By Subsequent Treatment As Needed..

POTTED PLANTS

4"-8" Containers – 1 teaspoon per container.

8"-12" Containers – 2 teaspoons per container.

TREES, CITRUS AND SHRUBS

Use about 2 ounces (4 Tablespoons) **HI-YIELD® IRON PLUS** for the average shrub, working into the top 2 to 4 inches of the soil around the shrub. For trees up to 3 inches in trunk diameter, use 6 ounces (12 Tablespoons) of **HI-YIELD® IRON PLUS** per inch diameter. For trees 4 inches or more in trunk diameter, use 8 ounces (16 Tablespoons) per inch diameter — equally applied in holes 10 to 12 inches deep around the drip line of tree. **IMPORTANT: Water shrubs and trees thoroughly after application to get nutrients into the root zone.**

APPLICATION EQUIPMENT AND INSTRUCTIONS

This product can be applied with a drop or broadcast (rotary) spreader. For best results, apply this product evenly and uniformly over the turfgrass (lawn) area avoiding streaking, skips or overlaps.

Before each application, determine the correct amount (lbs.) of product to place in the spreader hopper for the area to be treated. For example, if the label states to apply 10 lbs. per 1,000 sq. ft. and your area to treat is 2,000 sq. ft. then place 20 lbs. of product in the hopper and set the spreader setting at 10 (per table below) if using an Accugreen drop spreader.

A more uniform application can be made by spreading one-half of the recommended amount of this product over the turfgrass area and then applying the remaining one-half of this product at a right angle to the previous application direction.

NOTE: The spreader settings listed below are approximate. The speed at which you walk and the working condition of the spreader will affect the rate of application.

Spreader	Spreader Settings
	Lbs. of product per 1,000 sq. ft.
Scotts®/Republic Accugreen (Drop)	10
Scotts®/Republic Speedy Green (Broadcast)	8 1/2
ferti•lome®/Earthway Ev-N-Spred (Broadcast)	16

CAUTION

KEEP HI-YIELD® IRON PLUS AND ALL FERTILIZERS OUT OF REACH OF CHILDREN.

CAUTION: AVOID INHALATION AND INGESTION. USE EYE PROTECTION AND DUST RESPIRATOR, FULL BODY CLOTHING AND GLOVES WHEN HANDLING. PROLONGED CONTACT MAY CAUSE IRRITATION OF EYES, NASAL PASSAGES AND SKIN. KEEP AWAY FROM CHILDREN AND ANIMALS. AVOID SPILLING OR SPREADING ON CONCRETE WALKS, DRIVEWAYS, PLASTER POOL SURFACES OR MASONRY LAWN ORNAMENTS. VOLUNTARY PURCHASING GROUPS, INC. RECOMMENDS THAT EXTRA CAUTION BE TAKEN IN THE APPLICATION OF THIS PRODUCT WITH A BROADCAST SPREADER. SWEEP UP ANY SPILLED PORTION, OR SWEEP AWAY WITH A MECHANICAL LEAF BLOWER BEFORE ALLOWING WATER TO COME IN CONTACT WITH MATERIAL TO AVOID STAINING. **HI-YIELD® IRON PLUS** WILL STAIN SHOES, CLOTHING, FURNITURE AND AUTOMOBILES. USE CARE TO AVOID CONTACT OF THIS MATERIAL WITH ANY ITEM OR MATERIAL.

CONDITIONS OF SALE

Voluntary Purchasing Groups, Inc. makes no warranty, expressed or implied, concerning this product or its use, except that the contents of this container conform to the Guarantee of Analysis found hereon. This Company's liability on account of handling or use of this product is limited only to the replacement value of any material found to be defective. **32260-1114-TP**
